EXPERIENCE

- Data Analyst | Mpungu Analytics**  
(January 2024 – Present)  
Analyzed and interpreted complex datasets to identify trends, patterns, and insights for client reports leading to a 5% increase in client operational efficiency.  
Utilized data analysis tools and software (e.g., Excel, SQL, Python, or specific tools you used) to clean, process, and validate data.  
Created visualizations and dashboards to present findings in a clear and actionable manner to stakeholders.  
Collaborated with the team to support data driven decision-making processes.
- IT Intern | Uganda Prisons Service**  
(December 2024 – March 2025)  
Provided technical support and troubleshooting for hardware and software issues.  
Assisted in the management and updating of computer systems and networks.  
Supported the data entry and management team, ensuring the accuracy and integrity of institutional records.  
Gained practical experience in a large-scale IT environment and developed strong problem-solving skills.
